**INSTALLATION PROCEDURE**

1. Push button to remove headrest. Slip seat cover over seat back, lining up holes with headrest location.

2. Tuck material flap between seat back and seat cushion.

3. Slip seat cover over seat bottom, around and under seat corners.
4. Remove protective cover from hook and loop strap, then route straps around rear of seat bottom and secure.

5. With zipper facing rear of headrest, insert headrest guides through holes and zip zipper.

6. Replace headrest on seat. Repeat on opposite side.
